Food Delivery App for Thailand

1. One-Time Upfront Launch Costs :

• Google Play Store: $25 USD (840 THB) — Lifetime developer account fee.

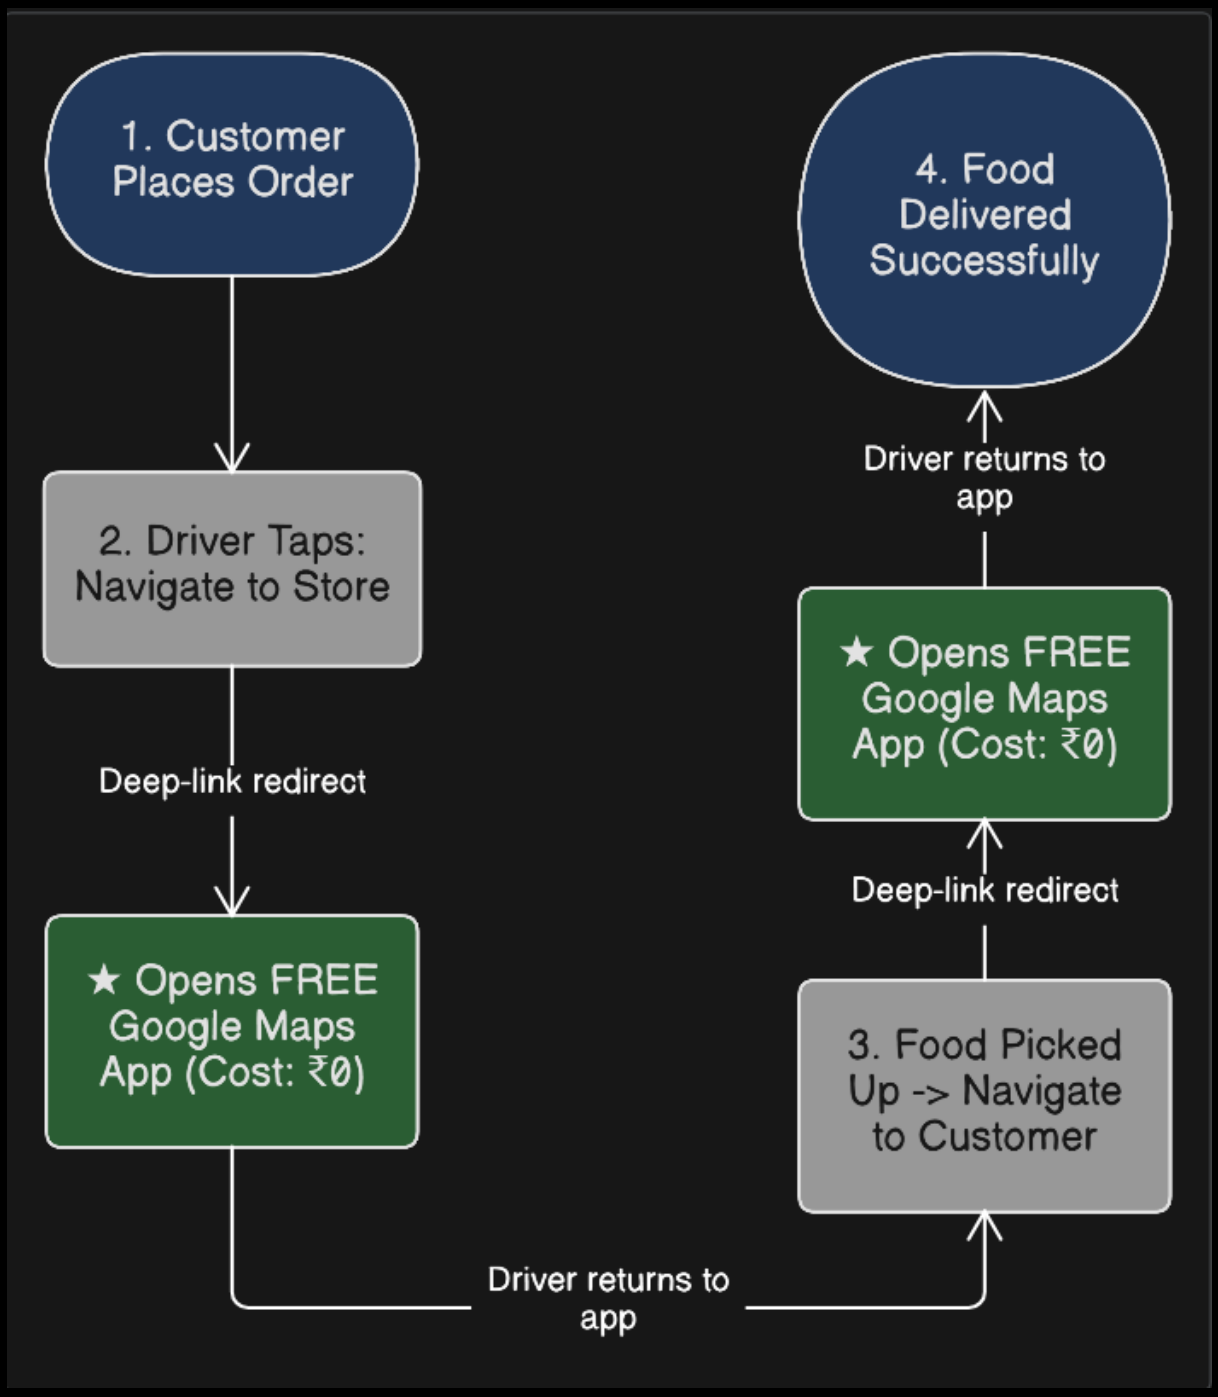

• Apple App Store: $99 USD (3,830 THB) / year — Annual developer account renewal.

• App Website Domain (.com): $12 USD (450 THB) / year — Custom web domain registration.

2. Points of Importance :

1. **Dual-Factor Pricing**: Monthly hosting costs depend on two factors: total active app users and total order volume.
2. Smart Route Optimization Included: By redirecting driver turn-by-turn navigation directly to the free Google Maps app on their phones, we bypass expensive third-party mapping fees, saving between ₹15,000 to ₹1,00,000+ every month as order volume grows.

3. Our Google Maps Implementation Workflow :
